Solutions Consultant

# Anatomy of a Citizen Story

*As a <citizen segment>, I would like to <goal> so  
that <benefit>*

# User Story

**Who is this user?**

**What makes them tick?**

**Who's an example of such a person?**

"As a [persona],  
I want to [do something]  
so that I can [realize a reward]"

**Why do they want to do this?**

**What's the benefit/reward?**

**How will we know of it's  
working?**

A photograph of a woman with blonde hair and sunglasses on her head, smiling and looking at a baby. The baby is wearing a grey shirt and denim overalls. They are outdoors with a blurred background of green and yellow foliage.

# Example Citizen Story

**As a single mother, I would like to have access to high quality child care so that I can work a good job and provide for my family.**

# Example Citizen Story

A close-up, side-profile shot of a man with dark skin and long, dark dreadlocks. He is sitting in the driver's seat of a car, looking out the window with a focused expression. His hands are on the steering wheel. He is wearing a blue and white striped polo shirt. The background is blurred, showing a road and some greenery.

As a commuter, I would like to know if there are any accidents on my commute so that I can properly adjust and not be late for work.

# More Citizen Stories!

---

- As a pet owner, I would like to know what vaccinations are required and suggested so that I can keep my pet safe and healthy.
- As a homeowner, I would like to find ways to protect my home from burning so that it doesn't burn down and I become homeless.
- As a commuter, I would like to know if there are any accidents on my commute so that I can properly adjust and not be late for work.
- As a high school student, I would like to know what job opportunities exist after I graduate so that I can maximize my income after graduation.
- As a child, I would like to be safe when I am playing at the park so that I stay healthy and uninjured.

# As a...

## AGE GROUP

- child (0-12)
- adolescent (13-18)
- young person (19-24)
- career age (25-55)
- senior (56-up)

## STATUS / NEEDS

- veteran

## So that...<benefit>

- Shouldn't be a repeat of your need
- Should be tied to a positive outcome
- Should be measurable

***The benefit clause is the most neglected by most story writers and yet it's the most important.***

# Your [benefit]

- test the depth and scope of your understanding about who you serve (personas)
- Will help you see the universe of needs of your citizens
- Helps you stimulate interest and discussion around solving a problem
- push you to think through the details of your services

*As a parent, I want to know where high quality childcare is within my neighborhood so that I can get a job*

### What I need to know

- Who are parents?
- How many are there?
- What is high quality childcare?
- Zip code of parent

*As a parent, I want to know where high quality childcare is within my neighborhood so that I can get a job*

### What I need to know

- Who are parents?
- How many are there?
- What is high quality childcare?
- Zip code of parent

### What I'll need to provide

- Childcare facility inspection updates
- Ability to for parents to self-identify
- Ability for parents to share their zip code
- Communication channel to share inspection updates

# List of features available

- Topics
- Questions
- Segments
- Roles
- Overlay
- Welcome Campaign
- Categories
- Bulletins
- Drip Campaign
- CRM Import/Export
- Text-to-subscribe
- Sign-up workflow
- PageWatch

# Topics

*individual lists of people who have specifically chosen to receive information about that particular issue*

# Questions

*allows you to collect data from your subscribers when they sign up for updates. Questions can be used to collect data such as:*

*Location: zip code, city, neighborhood*

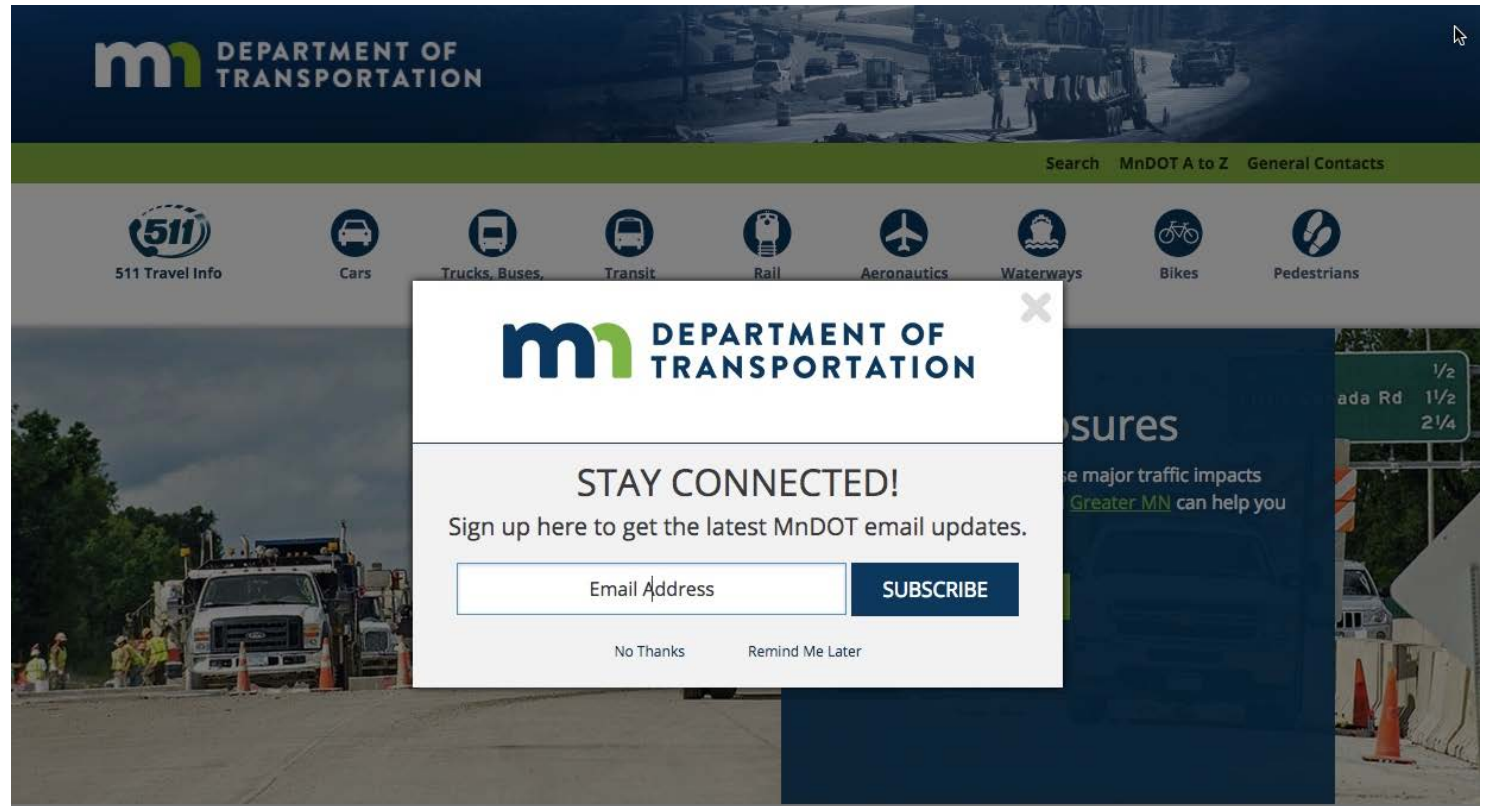

*Roles: resident, visitor, city official*

*Interests, personal information, demographics*

# Overlays

*a graphical way to convert your organization's website visitors and be proactive with communications, going forward*

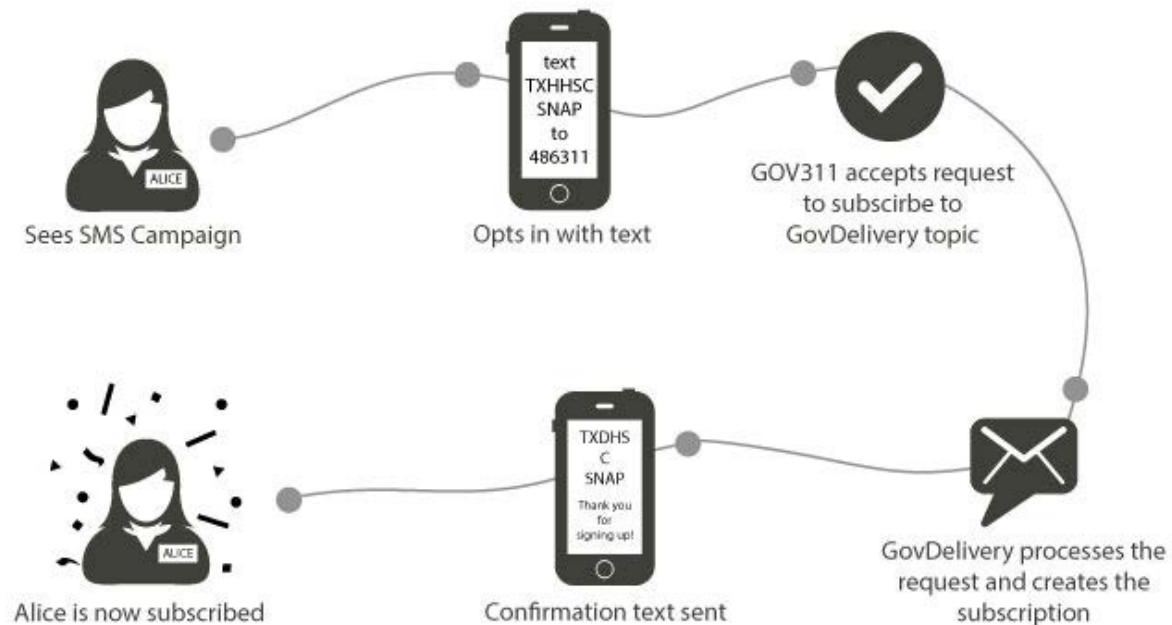

# Text-to-Subscribe

Texas Dept of Human Services  
use case

Text-to-Subscribe User Opt-in

# Segments

*a dynamic, saved  
filter of subscribers*

*As a parent, I want to know where high quality childcare is within my neighborhood so that I can I can get a job*

- Topics

- Updates for Parents
- Neighborhood Safety

- Questions

- Zip code?

- Segments

- Parents of 98109
- Parents of 98119

- Branded Overlay

- Possible, but need to explore if there's an appropriate landing page

- Bulletins

- Send one upon facility inspection update

- Text-to-subscribe

- Provide to child care facilities to include with paperwork/welcome packets
- Window signage?

- Sign-up workflow

- Enable Topic and prompt for question

*As a parent, I want to know where high quality childcare is within my neighborhood so that I can I can get a job*

- Create a topic(s) and add to sign-up workflow that allows parents within the community to self-identify and request updates that are relevant to them
- Enable and create a question to prompt Topic Subscribers of “Updates for Parents” to provide their Zip code
- Create dynamic Segments called “Parents of 98109” and “Parents of 98119”
- Create a Bulletin Template called “Childcare Inspections”
  - ◆Subject: “We’ve inspected your local childcare facility. Here are the results”
- Provide Text-to-Subscribe code to Childcare facilities to use with welcome packets and signage
  - ◆“Text 5555 to inspection updates about this facility!”
- Report on % of parent population that are getting this Bulletin
- Use Question to determine employment status and compare rate against those not subscribed to these topics and
- Survey topic subscribers to determine effectiveness

# Build Your Citizen Story

Thank You!
